I. SITE DESCRIPTION Located on the site is an abandoned and derelict foundry on the banks of the Chikaskia River. There are substantial amounts of foundry waste and unknown organics spread across the property. The site is unsecured and there is evidence of regular trespass with several fires having significantly damaged a number of buildings on the site.					
J. HOW IDENTIFIED (i.e., citizen's complaints, OSHA citations, etc.) Citizen and City complaints. Initial investigations ay Local DEQ personnel.				K. DATE IDENTIFIED (mo/day/yr) Sep 2006	
L. SUMMARY OF POTENTIAL OR KNOWN PROBLEM The site is not secure. There is potential for wasted to migrate or be transported off site. There is high potential for waste to enter the Chikaskia River due to the close proximity of the river channel and erosion of the bank. ODEQ recommends a complete and accurate assessment of the actual and potential contamination at the Eagle Iron Blackwell Foundry site to assure protection of human health and the environment.
